## Corrigendum notice

The below mentioned exams which were earlier scheduled to be conducted from April 2020. The management has postponed the exam till further notice due the COVID-19 pandemic.

The management has not released the new dates. Further dates for the test will be intimated later or as per the pandemic situation nationwide.

This decision is taken after getting many emails from aspiring candidates to postpone the exam till the situation become normal, also many students will not be able to give exam due to non-availability of public transport. Our management is also in favour that everyone should be given fair chance to prove their capabilities.
